About Birkdale Village Care Home

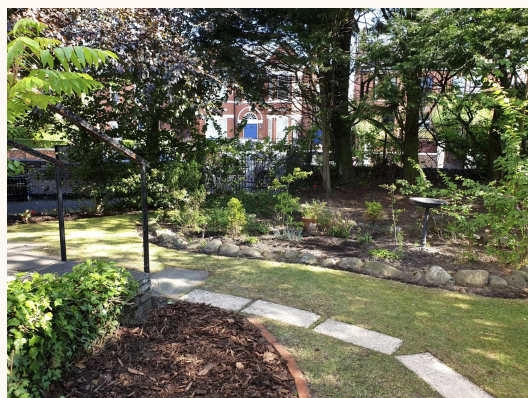

Birkdale Village Care Home is a small, family-feel residential home for the over-60s, with a 20-bed capacity and more than 25 years of dedicated service to the local community. We are conveniently situated in the heart of Birkdale, Southport, close to shops, parks and amenities.

Our smaller size is a deliberate strength — it means our carers can build genuine, lasting relationships with every resident, offering truly personalised care in a safe, warm and homely environment.

We operate an open-door policy, warmly welcoming residents' families and friends at any time, because we believe that staying connected to loved ones is central to wellbeing.
